Suitable for 32 Amps. D P Switch Size Item

For the past 40 years, Kolors has endeavoured to bring you the best products and designs in the field. Our consistent performance has seen the Kolors brand attain a leading position in the market. Our growing portfolio of innovative products and designs promises to make life so much better.

Today fashion is an integral part of our everyday life. It encompasses our sartorial senses, home aesthetics & our psychological makeup. Our use of switches is so frequent but we hardly ever think of their importance. It is something Kolors' understands therefore designs switches that are contemporary with seasons and trends. Whatever may be the choice of decor and design - modern, ethnic, wood, cane, victorian or antique the Kolors Kin range will perfectly complement the look one would like for his home or office. Matching individual taste, colour, finish and style with panache.

All Kin products pass through rigorous quality control tests like Insulation test, Resistance test, High voltage test, Impact test, Flash test, Temperature raise test, Rust formation test, Making-breaking test, Terminal contact test and Endurance test. After going through all these tests each piece is inspected manually by our team of experts for the final product.

Kolors Kin Switches and Accessories are created from high grade Lexan Polycarbonate resins. The use of Lexan Polycarbonate makes it unbreakable. All materials and parts have been tested for superior electrical, mechanical and thermal qualities to prevent electrical accidents.
